

Affordable Housing Professionals of New Jersey Southern Regional Meeting

Potential Amendments to the Fair Housing Act

During the course of the campaign, Governor Christie often cited his desire to 'gut COAH' without offering specifics, which begs the question: how will Governor Christie and the Legislature work together to improve this maligned, yet much needed program? AHPNJ is proud to present an expert group of panelists to offer their unique perspectives to produce and maintain New Jersey's affordable housing stock, as well as present suggestions to make the Fair Housing Act more effective and less burdensome.
